

Online Instructor Evaluation Questionnaires (IEQs)

Frequently Asked Questions

How do I access the online IEQ site?

Go to: <https://webapps.berea.edu/ieqs/> and enter your current network login information and you will then be directed to the online IEQs.

OR

Through the Faculty Portal on the “Teaching and Advising” tab as its own channel.

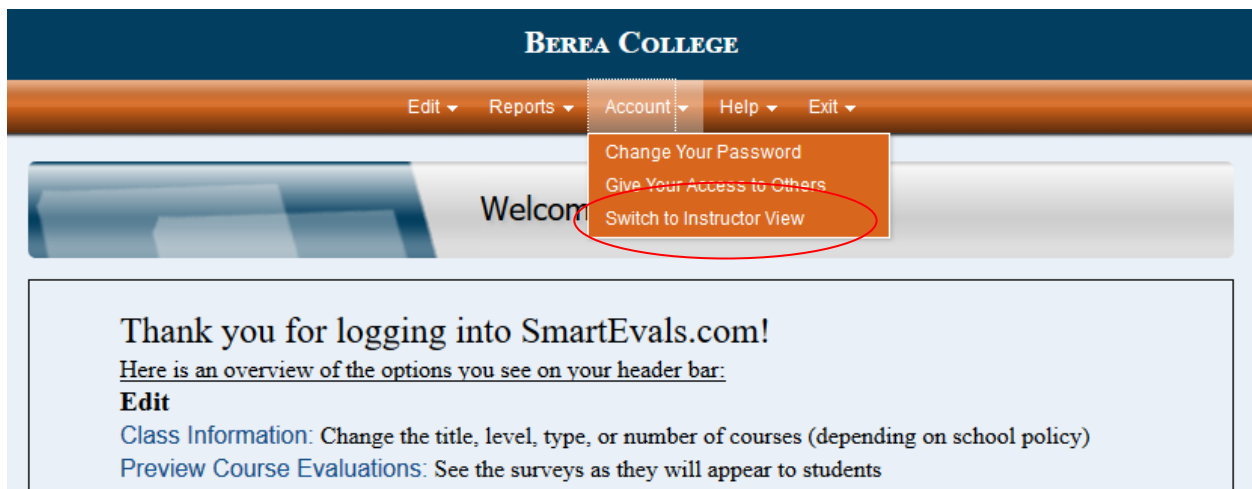

Can I access the IEQ system and reports from off-campus?

Yes, the IEQs are not stored on Berea’s network. They are available anywhere with Internet access.

How can I add personal additional questions to my IEQs?

For Division/Department Chairpersons (known as Department Head in the system):

Once you are logged in, you will first need to “Switch to Instructor View” from the Welcome Page; Account Menu (see screen shot below). You will then follow the instructions for all instructors.

Online Instructor Evaluation Questionnaires (IEQs) Frequently Asked Questions

For all Instructors

You will see a grey bar that is titled, "Surveys Waiting to be Opened" with each of your courses listed below. There is a big + bar that is labeled Add Questions. Choose that option.

Online Instructor Evaluation Questionnaires (IEQs)

Frequently Asked Questions

How can I see my response rates?

You can monitor your response rates by logging into the system. **During the time that IEQs are open for student responses, the overall response rates will be at the top of the page.** When our office sends reminders to instructors, the response rates for your individual classes are included in that e-mail.

When there is not a current administration in progress, you can still see response rates for each course.

How do I send reminders to my students?

During an open administration cycle, you can send reminders from your regular outlook account to all your students and include the website, <https://webapps.berea.edu/ieqs/> in the e-mail.

If you want to only send reminders to those students who have not responded, you can use the online IEQ site to do so (the system will only allow e-mails to be sent every 36 hours, so if a campus-wide e-mail has gone out, you will not be able to send one until 36 hours after that e-mail. This is to minimize students being sent e-mails too close together.)

Division/Department Chairpersons: You must switch to "Instructor View" before you can send reminders.

Why is one of my courses missing?

A few weeks before the IEQ administration window will open, you will receive an e-mail that includes your courses that have been uploaded into the IEQ system. Courses with fewer than 3 students are not required to complete IEQs. If there is a course missing, check the list below to see if an IEQ is required to be completed. If you teach two sections (different CRNs, but the sections meet together most of the time) of a course and one section has a small enrollment (<3), please let Clara Chapman (ext. 3790) know so that the sections can be combined and both will be included.

Note that there are a few courses that do not need to be evaluated due to the nature of the course; these courses are:

- independent studies,
- field studies,
- sport teams,
- directed teachings,
- directed readings,
- student teaching,
- special topics, and
- work learning experiences.

If you want to evaluate a course that is missing, please contact Clara Chapman at ext. 3790 to ask that the course be added.

Online Instructor Evaluation Questionnaires (IEQs) *Frequently Asked Questions*

How are team-taught courses handled in the online IEQ system?

Faculty members often have questions about how to administer IEQs in team-taught courses. In Spring Term 2007, we asked the Faculty Status Council (FSC) to discuss this issue so we would know how to advise faculty members. This is what the FSC decided:

1. *In team-taught courses, **always use IEQs in a way that makes sense for each particular course**; you must decide between using one evaluation for multiple instructors versus one evaluation for each instructor. **FSC's preference is for each instructor to do a separate IEQ**, as this provides the most unambiguous information. FSC acknowledges that individual IEQs, especially for three or more professors, can become cumbersome for students so this option might not always be the best for each class situation.*
2. ***Use supplemental questions whenever appropriate**, not as substitutes for the IEQs, but to help clarify course-specific and/or instructor-specific issues. Note that the FSC considers these supplemental questions to be important forms of student feedback that are of significant use to the instructor, and that have great value to FSC in tenure and promotion considerations. See instructions above for how to add your own questions to the IEQs.*

In the online system, all team courses are set up so that a student in a team-taught course will answer items 1-4 once, and then items 5-19 for the first instructor, items 5-19 for the second instructor, and so forth before submitting the evaluation.

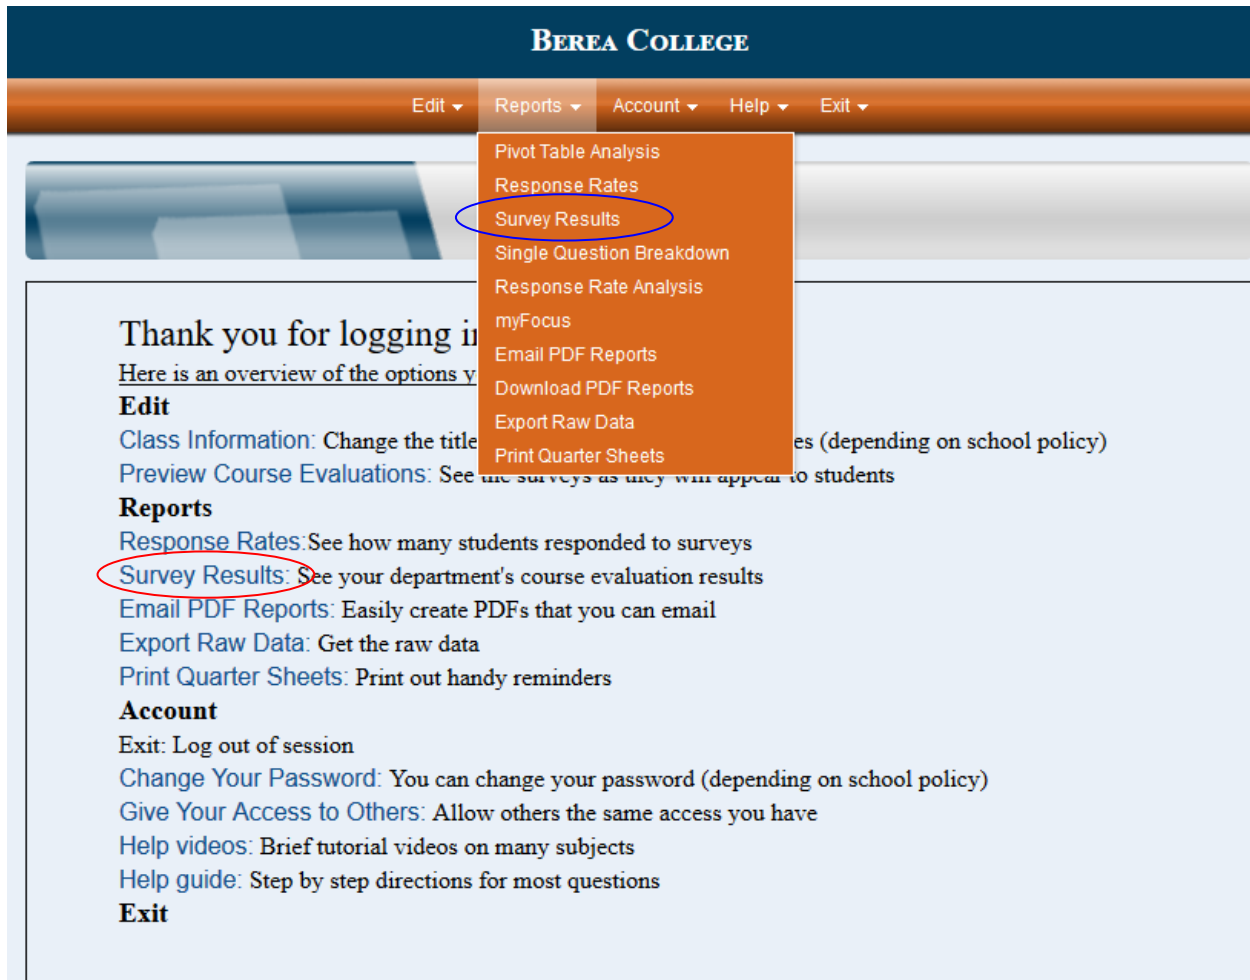

If you do not want your team-taught course evaluated like this (individual responses for items 5-19 for each instructor), please e-mail or call Clara Chapman (ext. 3790).

Online Instructor Evaluation Questionnaires (IEQs) Frequently Asked Questions

How do I view reports?

For Division/Department Chairpersons (known as Department Head in the system):

Choose "Survey Results" from the Welcome Screen or from the Reports menu.

The screenshot shows the BERA College website interface. At the top, there is a dark blue header with the text "BERA COLLEGE". Below this is a navigation bar with several dropdown menus: "Edit", "Reports", "Account", "Help", and "Exit". The "Reports" dropdown menu is open, displaying a list of options: "Pivot Table Analysis", "Response Rates", "Survey Results", "Single Question Breakdown", "Response Rate Analysis", "myFocus", "Email PDF Reports", "Download PDF Reports", "Export Raw Data", and "Print Quarter Sheets". The "Survey Results" option is circled in red. Below the navigation bar, there is a main content area with a light blue background. It contains a "Thank you for logging in" message and a list of links and options. The "Survey Results" link is also circled in red. The content area is organized into sections: "Edit", "Reports", and "Account".

Online Instructor Evaluation Questionnaires (IEQs)

Frequently Asked Questions

What does each report show me?

You will then see the reporting toolbar at the top of the page.

You will see the familiar drop-down menus that will allow you to access different terms, courses, etc.

The following are explanations of each report:

[Custom Report for Items 3-16](#)

You will see the item number, abbreviated question text, number of respondents (N), the average (mean) of the item, the standard deviation, the campus-wide standard deviation, and the campus-wide mean, and the percentage of students answering each item response. Also, the comments are included.

[Percentile Rank for Items 3-16](#)

You will see the item number at the far left of the chart, abbreviated question text, number of respondents, and your average (mean) for each item. Your mean score is located within the decile categories (compared to all other courses at Berea). Notice that if your scores are in green, your mean ranked in the top 30% of scores. If your scores are in pink, your mean score ranked in the bottom 30%.

[Individual Evaluation Forms for Items 3-16.](#)

This report allows you to see how each respondent completed the entire IEQ (excluding items 1 and 2). **Please note when reviewing this report that if you see anything that looks like an obvious discrepancy (e.g., ALL positive comments, but every structured item is marked “strongly disagree” – the student may have misread the scale), please contact Clara at ext. 3790.**

[MyFocus](#)

You will see the question text arranged by the score that SmartEvals has calculate. (How do they calculate that score: Our score calculation goes from 1-100 and is a proprietary analysis that includes your average percentile rank score for each question, what you note as applicable and not applicable, a confidence calculation, and other factors. During the 'create action plan' process you may indicate general agreement or disagreement with the score or whether you feel our analysis is correct or wildly off. If 'too few respondents' appears in the last column, not enough evaluations were completed to produce meaningful data.) It allows you to create an “action plan” for improvement.

How is the “School Average” calculated in the online system?

The School Average is a term average of all course averages here at Berea. We began using the electronic system in Fall 2008.

Online Instructor Evaluation Questionnaires (IEQs)

Frequently Asked Questions

How is the “School Standard Deviation (SD)” calculated in the online system?

The School Standard Deviation is based on all Berea course average ratings since we began using the electronic system in Fall 2008. It is not term-specific.

What is “Winter” Term?

This is how our Short term was defined.

How can I save/download reports to my computer?

Click the Export button on each page. This will allow you to export reports in a pdf format.

It will then open to a new window. Click the export button which will ask whether you want to open or save the file.

How are cross-listed course reports compiled?

Cross-listed course reports are compiled together and will only show as one report. It will combine the rubrics together in the EvalCenter (home page) and on the report page. It will indicate that there is a parent or child course and say “included.”

Online Instructor Evaluation Questionnaires (IEQs) *Frequently Asked Questions*

How are team-taught course reports compiled?

If a course was team-taught, it will be listed as such in the EvalCenter (home) and also include a "With *instructor name*"

On the report page, it will indicate that the course was "Team taught with *instructor name*"

For Division/Department Chairpersons:

When you first login to the site, the first page where you see results for team-taught courses, those means are a total course mean (both instructors' data combined). It will be indicated by an *.
