

Dear Bereans,

Planning for the upcoming campus visit by representatives of Academic Search, Inc., is nearly complete. Ms. Jennifer Kooker, Dr. George Ross, and Dr. Jay Lemons, will be in Berea, **beginning Monday afternoon, March 14, through mid-day on Wednesday, March 16**. They will be meeting with students, staff, faculty, and other stakeholders to elicit your perspectives on the college as well as desired attributes and leadership skills for Berea's next president. These listening sessions mark the beginning phase of our search process.

Invitations for these meetings will follow soon from various campus leaders. Your conversations with Jennifer, George and Jay will inform their understanding of Berea College and, in turn, greatly aid the work of our Presidential Search Committee. We look forward to your inputs and participation in this process.

Sincerely,

Charlotte Beason '70
